INTRODUCTION

Good day! We would like to wish you and your family a happy and prosperous new year this 2023! We are looking forward to having a better and safer year this 2023 and beyond.

2022 has been a difficult year for the entire country. The war in Ukraine has pushed up prices of all major commodities including oil, steel, aluminum, etc. All of which is being used in the manufacture of our products. The Philippine Peso also suffered a major depreciation this 2022. Slipping more than 10% from 2021.

All these resulted in a very high inflation rate for the country for all products especially those which are imported. This resulted in price increases with almost all products across all industries.

However, with the COVID pandemic situation getting better due to the wide distribution of vaccines and better information about the virus, some things are starting to get better. After 2 years, major motorcycle events were pushed through last 2022. These events will now continue this 2023 and onwards which is good for the industry.

We thank you for your continued support to Minton Marketing Inc. even during these difficult times. We strive to be the best version of ourselves to serve you better. One of our key priority is efficiency in our service as this will increase your business' opportunities and overall productivity.

In line with our priority, in this 2023 edition, inventory efficiency can be maximized with the use of Minton's compatibility lists of products. Most compatibility lists were updated due to the increasing number of models being released every month by different manufacturers. Another initiative that Minton implemented this year was the development of patented universal products such as sprockets, shock absorbers, and other parts. All these can help you manage your inventory well. These can also make your purchasing system faster and efficient.

Sales efficiency for your sales staff is also highlighted in our new products. With the increase in complexity of motorcycle models and parts, training sales staff can be challenging. With Minton's new packaging in a lot of our products, compatibility lists are already included in the packaging. Sales staff will only need to look at the product to know which model to sell.

We, at Minton, believe that helping the businesses of our customers to be more successful is one the most important thing we can provide. We continuously innovate to make sure that we are serving what YOU need. It is what we believe that sets us apart from others. We want to be at the forefront of new technologies and innovations to best serve you.

As we move forward to this new normal, we look forward to serving you better with new products and a better service. Thank you!

INTRODUCTION

MMI RETURN POLICY

MMI strives to consistently maintain the quality of its products and services to our values customers. Products go through quality control in the factory with continuous research and development to improve on these products.

In our serving of stock, orders are checked, double checked and tripled check using a combination of manual and automated counting methods to ensure that each and every order is prepared swiftly and promptly.

However, there will be some items which will be defective or some mistakes in the preparation of the stocks. Even large multinational companies cannot guarantee 100% in the quality of their stock. With this, we have a return policy in place for these type of situations for 100% of our items.

These are the valid reasons we will accept returns:

1. Item has factory defect right out of box. (Broken, rusts, leaks, etc)
2. Item installed on motorcycle and breaks within 2 weeks of installation.
3. Wrong model/item inside the box.
4. Wrong serve of items. (Must be reported within 7 days from received date of stocks)
5. Over ship quantity of items. (Must be reported within 7 days from the received date of stocks from delivery or forwarder.)
6. Order taking error by our salesman / personnel
7. Double entry of orders

MMI has the discretion to refuse returns on the following reasons:

1. Change of mind
2. Cannot sell the item
3. Item broke or was damaged due to it being modified, wrong installation, wrong usage, normal wear and tear.
4. All remaining quantity of an item with a defect. (e.g. if 1 PC of TMX CDI is not working, it does not mean all others are broken. We will accept the broken CDI but not the rest of the CDI)
5. MMI items but not bought directly from MMI.
6. Mistakes in the order made by the client.

Thank you for your understanding and cooperation.

MOTORCYCLE COSMETICS

TIRE SHINE สเปรย์เคลือบเงายาง

It can infiltrate the surface of tire quickly, remove dirt and restore its original colour.

FEATURES:

- Only spray and wipe, the tire will be cleaned and becomes shiny again at once.

ນຳມາຊື່ຫຼັງຈະດີວ່າຄາງບາງຫວັດເວົ້າ ຂອດສິນສປາກອກທຸນິ
ດີແລ້ວໃຫຍ່ໃຫຍ່

ຄວາມປັບປຸງ:

- ໃຫ້ເປັນຄວາມຫຼັງຈາກທີ່ອີກ ມາຈະຈະອາຫັນແມ່ນກຳນົດ
- ໄປກຳນົດໃນຕົກເກອກຫຼັງຈາກທີ່ອີກ ໂດຍມີປະເພດຂອງການ

2,710.00/BOX [225.83/CAN]

METAL POLISH ສປັປ່າຂັ້ນເງິໂລຫະ

Cleans, restores and protects any polishable metal.

FEATURES:

- Acid-free, environmentally friendly product.
- Reduces oxidation and prevents discolouration of bare metal; and restore to its original brightness without scratching.
- For use on all polished metals including stainless steel, aluminum, copper, nickel, brass and silver.

ບັນຫາຂໍາຕະຫຼາດ ດົນກາ ແລ້ວໄດ້ໃຫຍ່ໃຫຍ່

ຄວາມປັບປຸງ:

NINJUTSU™
にんじゅつ 忍術

MOTORCYCLE MAINTENANCE

HAIN OIL น้ำมันหล่อลื่นโซ่

A chain lubricated with chain oil will run cooler, smoother, quieter and last longer.

FEATUERS:

- Rain-proof and non-sandy formulation.
- A highly effective, environmentally compatible lubricant.

น้ำมันหล่อลื่นโซ่ชั้นเยี่ยมสุดเจ้า ทำให้โซ่ลื่น เงียบชิ่ง ลดการเสียดสี และอัตราการใช้เชิงรุก

คุณสมบัติ:

- ติดต่อได้ดีกับเหล็กและโลหะ
- ไม่ทำให้โซ่ขัดขวาง ไม่มีผลเสียกับกระดาษชาติ
